JUL 22 1994

Dear Ms. Kalatzes:

We have received and reviewed your notice to conduct a sampling program on the Brenda Uranium Queen and Vanadium King mining claim groups. We have determined that the proposed operation constitutes casual use and no notice is required. The notice was neither signed nor dated, thereby making it incomplete, but as the operation will be operating under casual use, the incompleteness is moot.

If you have any questions regarding exemptions from the \$100-per-claim fee, you should contact Walter Phelps in the Utah State BLM Office at 801-539-4125.

Sincerely,

ANN LAMBERTSEN
